Course Content

This course will review the archaeological evidence for the history of Ontario and the Great Lakes region prior to the arrival of Europeans. Topics include a review of the environmental setting, the arrival of Paleo-Indians in the Great Lakes region, the development of hunting and gathering cultures, the appearance of agriculture and settled village life, and the development of historically known Iroquoian and Algonquian societies, such as the Huron, the Neutral and the Ojibwa. We will also briefly discuss the archaeological record of the first European settlers to enter the Great Lakes region and their interactions local First Nations populations. The course will conclude with a discussion of recent issues and current trends in the archaeology of Ontario and the Great Lakes.

Required Course Readings

As there is no comprehensive text for this course, the readings have been selected from journals and books and will all be made available on the course Webct/Owl page. The readings are listed in the course schedule below. A small number of additional readings may be assigned as the course progresses.

Other Available Texts:

Relevant books that students may find of interest and which are available in the Weldon Library include:

Before Ontario: The Archaeology of a Province, edited by Marit Munson and Susan Jamieson, 2013, McGill-Queens University Press, Toronto.

Great Lakes Archaeology, by Ronald J. Mason, 2002 (originally 1981). Caldwell, New Jersey, Blackburn Press.

A History of the Native People of Canada, Volumes I, II and III, by James V. Wright, 1995, 1999, 2004, Canadian Museum of Civilization Mercury Series Paper 152, Ottawa.

The Archaeology of Southern Ontario to A.D. 1650, edited by Chris Ellis and Neal Ferris, 1990, London Chapter, Ontario Archaeological Society, Occasional Publication No. 5.

Learning Outcomes:

Upon completion of this course students will have a general understanding of several aspects of the archaeology of Ontario and the Great Lakes region, including:

- a general understanding of early post-glacial environments;
- the nature of Paleo-Indian societies including their associated technologies and adaptations, ca. 12,000 – 10,000 Before Present (BP);
- the technological innovations, adaptations and settlement systems of the Archaic period (ca. 10,000 – 2,900 BP);
- the changes in technology, settlement systems and socio-political organization that occurred during the Woodland period (ca. 2900 – 400 BP);
- the contribution of archaeology to our understanding of historical Euro-Canadian settlement;
- the impact of new perspectives and technologies on the archaeology of Ontario and the Great Lakes.

OWL Course Webpage:

This course will make use of OWL, Western's online learning system, to provide the readings, to make announcements related to the course, to provide the Research Paper instructions and pre-approved topics, and for uploading electronic copies of your papers. OWL is found at: <https://owl.uwo.ca/portal>.

Grading and Due Dates:

Grades will be based on a mid-term exam, a research paper, 10 class quizzes, participation and a final exam, as follows:

Mid-term exam October 30, 2017 in class	25%
Research paper due November 22, 2017 in class	30%
Class Quizzes (10 x 2%, one each week, except Week 1)	20%
Final exam - During the final exam period in December	25%

The exams will consist of a combination of short answer questions and longer essay questions. The final exam is not cumulative and will only cover material presented after the mid-term exam.

Research Paper

All students are required to prepare and submit a paper dealing with a research question in Ontario or Great Lakes archaeology. As this is an essay course, completion of the essay is a course requirement. Detailed instructions and pre-approved paper topics will be made available on OWL on October 4, 2017. All paper topics that are not on the pre-approved list must be approved by the Instructor. Papers should be approximately 2500 words in length (typed, double-spaced), formatted in APA style, and are due in class on November 22, 2017. **You are required to submit both electronic and hard copies of your essay.** The electronic versions are to be uploaded to the class OWL site using the Turnitin feature on OWL. We use Turnitin to discourage students from submitting plagiarized work and to ensure that others will not be able to plagiarize your work in the future. Marks for the Research Paper will be posted on OWL.

Late Policy

Late papers will be penalized 2% per day (including weekends). Hard copies of late papers are to be deposited in the drop box outside the Anthropology Undergraduate office (SSC 3326) in addition to being submitted to OWL using the Turnitin feature. Papers that are more than two weeks late may not be accepted.

Class Quizzes

In-class quizzes will be held each week, with the exception of the first week (Sept 11-15). There will be 11 quizzes in total, but we will only count your best 10 quiz grades in your overall mark for the quizzes. The quizzes will be based on the readings assigned for each class/topic and will consist of a few short factual questions. Interim marks for the quizzes will be posted on OWL by Oct. 31 and final marks will be posted at the end of the course.

If you miss a quiz for medical or other legitimate reasons you may contact the Instructor to request a make-up. Medical (or other) documentation will be required.

Academic Policies on Accessibility, Plagiarism and Scholastic Offences, and Accommodation for Medical Illness:
